

SE 101 In-Class Quiz 3

October 25, 2018

This quiz is open-book. In fact you can even (quietly) talk to your neighbour about it. Please write a brief paragraph for each question.

Question 1: What benefits did Volkswagen hope to achieve through cheating?

Question 2: What were some possible motivations of the Volkswagen CEO for ordering cheating?

Question 3: What role can regulatory bodies (government, professional bodies) play here?

Question 4: What is the right thing for an engineer to do when ordered to write defeat software?

Question 5: What rationalizations might one give oneself for writing the software anyway?

Your name and student number:
